

CALIFORNIA REGIONAL WATER QUALITY CONTROL BOARD
SAN FRANCISCO BAY REGION

ORDER AMENDING ORDER NO. 71-33 TO ADOPT A
REVISED COMPLIANCE TIME SCHEDULE AND AUTHOR-
IZED AREA FOR SALT WORKS WATERSHED CONNEC-
TIONS FOR RICHARDSON BAY SANITARY DISTRICT

ORDER NO. 72-56

The California Regional Water Quality Control Board, San Francisco Bay Region finds that:

1. On June 24, 1971, this Regional Board adopted Order No. 71-33 requiring the Richardson Bay Sanitary District to cease and desist from discharging wastes contrary to requirements prescribed by the California Regional Water Quality Control Board, San Francisco Bay Region.
2. On August 22, 1972, at a meeting beginning at 9:30 A.M. in the Alameda Public Works Building, 399 Elmhurst Street, Hayward, California after due notice to the discharger and all other affected persons, the Regional Board conducted a public hearing at which the discharger appeared and evidence was received concerning compliance with the time schedule and whether or not the time schedule in Order No. 71-33 and the area authorization for Salt Works Watershed connections should be amended.

IT IS HEREBY ORDERED THAT this Regional Board revises Items B and C on pages 2 and 3 of its Order No. 71-33 as follows:

- B. Compliance with the Board's discharge requirements be completed according to the following time schedule:

1. Bypassing of Untreated Sewage

<u>TASK</u>	<u>COMPLETION DATE</u>
Detailed Work Plan for Evaluation and Location of Sources of Infiltration	October 1, 1972
Identification of Facilities or Improvements Needed to Eliminate Maximum Feasible Infiltration	April 1, 1973
Complete Construction of Facilities or Improvements	September 1, 1973
Compliance with Requirement	April 1, 1974

2. Receiving Water Floating Matter and Foam, Effluent Disinfection, Turbidity, 5-Day BOD and Toxicity

<u>TASK</u>	<u>COMPLETION DATE</u>
Completion of Conceptual Plan and Submit Schedule of Compliance	November 1, 1972

C. Additional Discharges to the Richardson Bay Sanitary District sewer system, not discharging to the system prior to issuance of this order are prohibited subject to the following conditions:

1. The prohibition does not apply to buildings under construction or to permits issued prior to June 24, 1971.
2. Additional connections to the sewer system will be permitted as a result of interim corrective measures only when this board is satisfied that the loading on the receiving waters is not increased beyond the loading prior to the issuance of this order.
3. Subject to compliance with 2 above, the following additional connections were permitted as a result of the interim corrective measures in operation prior to June 24, 1971: 31 connections to the sewers in Trestle Glen Watershed, 16 connections to the sewers in Salt Works Watershed, and 89 connections to the sewers in Ricardo Road Watershed.
4. Subject to compliance with 2 above, connections to the sewers permitted in Salt Works Watershed may be installed in the Salt Works Watershed or the Ricardo Road Watershed.

I, Fred H. Dierker, Executive Officer of the California Regional Water Quality Control Board, San Francisco Bay Region, do hereby certify that the foregoing is a full, true, and correct copy of an order adopted by the California Regional Water Quality Control Board at a meeting held on August 22, 1972.

Executive Officer
